Rincey hops up to the center, shadowboxing as the other monsters take their positions. As you call for them to start, her form quickly breaks down under the collective assault.

Rincey's fighting stance deteriorates to helpless dodging, her attempts at defensive strikes falling flat. You call off the other monsters.

- I tell the monsters to go easier on her. She's not ready for this yet.
- I keep her going at the same pace. She's got to get over her fears before she can make progress.
- I push her even harder! She's got potential just waiting to be unleashed.
- (Telepathy) I attempt to read her mind.
- (Body Language) I attempt to read her body language.
